

The background is composed of several large, overlapping triangles in various colors: red, orange, yellow, teal, dark blue, and purple. The triangles are separated by thin white lines, creating a dynamic, geometric pattern. The text is centered within a white triangular area in the middle of the composition.

Math with
Abbott and
Costello

Outline

- $13 \times 7 = 28$
- Other comics who used it
- How it works
- Examples

In The Navy

- Abbott and Costello
- Comedy team
- “In The Navy”

What Happened in the math

- Multiplication error
- Validated error via division and addition

Importance of the math

- Why did the joke work?
- Who else did the same joke

What Happened in the math

- Would also work for the following
- Who else did the same joke:
 - Ma and Pa Kettle $5*14 = 25$

What Happened in the math

- Would also work for the following number pairs.

Conclusions

- Good joke – other conclusions?
- Who else did the same joke:
 - Ma and Pa Kettle $5 \times 14 = 25$
